Evaluation of fat concentration in milk from dual purpose cows with restricted suckling. Ojeda, A., Lugo, A. and Petrocinio, P.	1-5
Multinutritional blocks with urea phosphate. 1. Effect of the lime concentration on pH. Barazarte, R., Herrera, P., Birbe, B. and Colmenares, O.	6-11
Multinutritional blocks with urea phosphate. 2. Physical evaluation Birbe, B., Herrera, P., Barazarte R., Colmenares O., Hernández M. and Martínez N.....	12-17
Multinutritional blocks with urea phosphate. 3. Acceptance test on calves Herrera, P., Barazarte, R., Birbe, B., Colmenares, O., Hernández, M. and Martínez, N.....	18-22
Reproductive and productive performance of pregnant sows in different housing-systems. González, C., Días, L., Vecchionacce, H. and Díaz, I.	23-27
Effect of weaning age on piglets performance. Guerrero, E., González, C., Díaz, I., Hurtado, E. And Vecchionacce, H.	28-33
Comparison of gleptoferron and iron dextran for nursing pigs performance. Vecchionacce, H., Vera, E., Marín, R., González, C., Figueroa, R. and Díaz, I.	34-39
Effect of oil and zeolita incorporation in diets for pigs on the apparent total digestibility. Rodríguez, A., González, C., Díaz, I., Hurtado, E. and Vecchionacce, H.	40-45
Gliricidia in whole rations for growing lambs. Michailos, J., Mendoza, M. and de Combellas, J.	46-49

Articles	Page
Lecaena in whole rations for growing lambs	
Mendoza, M., Michailos, 1 and de Combellas, J	50-53
Influence of doracmectin on gastrointestinal parasite control before or after lambing.	
Oropeza, E. and de Combellas J.	54-59
Non conventional diets in fattening rabbits feeding and supplementation with <i>Trichanthera gigantea</i> .	
Nieves, D., López, D. y Cadena D.	60-66
Genetic and environmental factors affecting preweaning piglets performance.	
Leidenz M., Vecchionacce, H., Verde O., Gonzales, C. and Díaz, 1.	67-72
Hematology and metabolite profiles of periparturient Carora breed cows.	
Ramírez-Iglesia, L. N., Soto Belloso, E., Morillo L., J. G. and Díaz de Ramírez, A,	73-78
Malondialdehyde concentration in bovine corpus luteum.	
Márquez, Y. C., Ferraro S, and López-Ortega, A.	79-85
Proteic blood profile in Holstein suckling calves.	
López-Ortega, A., Márquez Y. C. and Mendoza, C.	86-90
Structural characterization of dual purpose farms at the micro-region of Acequia-Socopó, Barinas state.	
Páez, L. A. and Jiménez, M.	91-101
Botanical composition and milk productivity in double purpose farms in Guanarito county, Portuguesa State, Venezuela.	
Marcos, M.	102-109
Genotype-environment interaction in daily live weight gain Of aberdeen angus and charolais-cross grazing steers.	
Molinuevo, H. A., Freddi, A. J., Piazza A. M. and Arzadún, M. M.	110-116
Effect of prepartum supplementation with cottonseed and a mineral mix on reproduction behavior of double purpose cows.	
Pérez, N. and Garmendia, J.	117-124
Effect of prepartum supplementation with cottonseed and a mineral mix on production performance of double purpose cows.	
Pérez, N., Garmendia, J., and Alvarado, A.	125-133

Articles

Page

Design of a automatized information for the management
of a self sustainable swine farm with a variable number of sows.

Tepper, R., González, C. and Díaz, I. 134-138

Genetic and environmental factors that affect weight at birth
of beef cattle.

Stüve, D., Colmenares, O., Birbe, B., Herrera, P. And Martinez N. 139-145

Corporal weight and relationship weight - size in traditional
Goats herds.

Godoy, S., Muñoz, G., Quijada, T., D'Aubeterre, R. and Gómez, G. 146-149

Effect of phosphorus sources on growth rate and tuber biomass
of *Pachyrhizus erosus*.

Díaz, Y., Espinoza, F., Perdomo, E. and León L. 150-155
